PROGRAM NOTES

The closest the orchestra will come to sounding like a rock band! Hard-driving, with the same feel as the original rock hit from the band Green Day, this piece will be a favorite of the students. *Boulevard of Broken Dreams* is very playable for intermediate orchestra, and includes special bowing effects.

NOTE FROM THE EDITOR

All Belwin string parts have been carefully bowed and fingered appropriately by level. The Yellow Very Beginning series includes many bowings as well as reminder fingerings for first-time readers. The Red Beginning series includes frequent bowings to assist younger players. Fingerings for altered pitches are often marked. The Green Intermediate series includes appropriately placed bowings for middle-level students. Fingerings and positions are marked for notes beyond first position. The Blue Concert series includes bowings appropriate for the experienced high school player. Fingerings and position markings are indicated for difficult passages.

* Play very near the bridge without enough weight in the bow. Use too much bow speed allowing the bow to skate on top of the string creating a ghost or echo effect.
